The Cornwall Hotel Spa & Estate is a secluded getaway set in forty three acres of beautiful Victorian parkland, yet less than two miles from glorious sandy beaches, and is home to a new luxury hotel with restaurant, indulgent Clearing Spa, fitness facilities and twenty two luxury woodland homes for sale and holiday rental.

The Cornwall Hotel and Spa offers sixty five bedrooms, including nine bedrooms and suites full of Victorian character and restored original features within the original nineteenth century Manor House. These are complemented by fifty-six “Woodland Rooms” all with a particularly generous private balcony in a contemporary and stylish new build that is remarkably in keeping with the original house and surroundings. All have panoramic views over the stunning Victorian walled gardens, ancient woodland, parkland, pastures and lakes. The Manor House and woodlands are steeped in a history of treasures, and follow tales of intrigue, family history and is also the home of the discovery of the famous Trewiddle Hoard including the find of the exceptional Silver Chalice now housed in The British Museum.

The restaurant overlooking the Parkland Terrace, croquet lawn and sweeping Estate, is a welcome culinary treat for residents and locals alike, serving delicious cuisine sourced locally and organically for breakfast, lunch, afternoon tea and dinner under St Austell-born Head Chef, Tom Bradbury. The main Manor House can also accommodate parties, weddings, meetings and private dining.

The luxury offering continues with the relaxing Clearing Spa using a sensuous range of Aromatherapy Associates and The Refinery products. Signature treatments are tailored to each individuals need for rejuvenation and restoration. The Clearing Spa is housed in the converted nineteenth Century stables adjacent to the beautiful walled garden and is a luxurious home to its five treatment rooms, facial mapping and manicure treatments.

The spectacular infinity-edged pool has retractable glass walls which open up onto the stunning sub-tropical walled garden, (the pool water treatment is UV and not chemical). Alternatively, after ones exaltations in the state of the art gymnasium with personal trainers, sauna, steam room and drench showers and tennis courts, guests can refresh in the juice bar or chill in any of the relaxation areas.

The idyllic Porthpean Beach is less than 2 miles away and within its lovely cove guests can canoe, kayak, sail, snorkel or try their hand at coastering, archery, mountain biking and so many other activities. The Cornwall Hotel, Spa and Estate is just 5 miles from The Eden Project, The Lost Gardens of Heligan and simply the most amazingly breathtaking South West Coast Path that is a must to visit. Otherwise, discover and enjoy our historic Estate and its forty three acres of woodland walks and nature trails. The conservation of the Estate is the guiding principle behind the development and 1,400 trees are being added to the abundance of mature specimen trees to complement the existing woodlands, flora and fauna.

And then there is golf, with a splendid choice of courses close by and for clarity there is just about every other activity imaginable for those looking for something different whilst enjoying their new home from home...

Luxury Woodland Homes are an essential element of the The Cornwall Hotel Spa & Estate and the first 22 homes are nearing completion. With a choice of two or three bedrooms, these luxury woodland homes are available to purchase or rent. The architect designed homes, starting from £249,950 fully furnished, blend perfectly with their woodland surroundings and have been furnished and equipped by an award-winning interior design team. These idyllic retreats each feature glazed front elevations offering exceptional views of the glorious leafy setting and enjoy complimentary use of the hotel's spa and pool, with access to the hotel's restaurant. It is the perfect place from which to combine al fresco adventure with Cornish chic.

Reminiscent of The Enchanted Forest, Enid Blyton's wonderful childhood tale, The Cornwall Hotel, Spa and Estate is the perfect place for a fine holiday or break in the most beautiful surroundings with astonishingly good food. There is even a Bat Hotel and Bat Barn for those furry fellows to rest - bookings essential! Seriously, these new areas were created in the woodland in front of the Manor House, yet far enough away, to provide a new home for several different species of our local bat population.

This helped to minimise the disturbance whilst the project was being completed and The Bat Hotel is now destined to become a permanent feature.
